7. Greg,
8.
9. I wanted to provide you with a quick follow-up and update to our meeting
10. from yesterday. Understand that I know and appreciate that the filing
11. of this lawsuit is of utmost importance and time is truly of the
12. essence. That being said, there are still things that we must do on our
13. end before filing the lawsuit. We are attempting to run conflicts on
14. all of the potential and interested parties, but as you know identifying
15. them all beforehand will be a challenge. We are also continuing to
16. examine the potential elements of the claims, potential jurisdiction,
17. and structure of the lawsuit(s). We've spent the better part of two
18. days working thru some of these issues. As I mentioned during our
19. meeting, we are hoping to have a clearer picture of when you can expect
20. a filing to take place by early next week. The short of it is, we are
21. still conducting our due diligence of the various issues related to
22. bringing this potential lawsuit.
23.
24. All that being said, we will not process your retainer unless and until
25. we are fully comfortable with the nature of the lawsuit, parties
26. involved and potential structure. So all this preliminary work is on
27. our dime. If you have any questions, please don't hesitate to give me a
28. call. If not, let's plan to talk early next week.
