Gregory D. Evans Issues Draconian Workplace Policies

Sun Feb 6 00:05:15 CST 2011

In late December, 2010, a single e-mail allegedly written by Gregory D. Evans was leaked to pastebin. The mail outlined new company policies that were draconian and ridiculous. Because the e-mail could not be verified as authentic, atrition.org did not originally publish it. With the leak of his entire e-mail spool recently, we see that the mail is included in it and very likely came from Evans.
